Previous exhibitor feedback

“The exhibition is an ideal way of raising and maintaining our profile in the Private Rented Sector. It also allows us to talk to landlords and letting agents in an informal setting whilst showcasing what we have to offer.”

“We had a very successful and busy day on Tuesday and the format provided plenty opportunity to connect with delegates and exhibitors.”

“We were delighted with how Scottish Letting Day went for us – it was very well organised and I had also noted to the team here how good the communication was in the run up to the event to ensure that we knew every bit of information we needed to know and had plenty of notice to send over elements you needed from us. Well done and congratulations to the whole team for delivering such a fantastic event.”

“This was the best event we have attended this year. very well organised, brilliant comms leading up to event and during. cannot fault any of the SAL staff. well done all.”
